

 Sector: Floorcare
 Location: Edinburgh
 Service: Hard Surface, Carpet and Upholstery Cleaning

The Stables Bar Deep Cleaning

How BD365 delivered a full overnight reset ahead of peak season

THE CHALLENGE

Meadowhead required a full reset of its bar and restaurant areas ahead of the busy season, with carpets, upholstery and hard surfaces showing clear signs of heavy use.

Carpets had not been professionally cleaned for over two years, with visible wear and embedded dirt affecting overall presentation.

Upholstery across nearly 100 seats was heavily soiled with food and drink stains, while washroom floors had ingrained dirt that routine mopping could not remove.

All works needed to be completed overnight, ensuring that carpets, upholstery and surfaces were clean, dry and ready for breakfast service the following morning.

BD365 needed to deliver a full deep clean, restoration and protection service within a tight timeframe, without disrupting operations.

PROJECT SNAPSHOT

-  **Client / Venue:** The Stables Bar, Edinburgh
-  **Event:** Bar and restaurant deep clean
-  **Project Type:** Overnight deep cleaning and restoration
-  **Services:** Carpet and upholstery cleaning, stain removal, hard surface cleaning, floor extraction, protective treatment
-  **Environment:** High-use hospitality venue
-  **Delivery Style:** Planned overnight delivery

Key issues included:

- Heavily stained upholstery and seating
- Carpets not cleaned for over two years
- Ingrained dirt on hard surface floors
- Need for full overnight turnaround

BD365 delivered a full overnight deep clean and restoration, transforming heavily used spaces into fresh, guest-ready environments before morning service.

WHY IT MATTERED

This project was about more than cleaning. It was about restoring the guest experience ahead of a busy trading period.

The condition of carpets, seating and washroom facilities directly impacts how guests perceive cleanliness, comfort and overall standards.

A full reset ensured the venue could present itself at its best, while also making ongoing maintenance more manageable.

WHY BD365

Director-led support

Specialist carpet and upholstery expertise

Advanced cleaning and extraction methods

Practical, results-driven approach

THE RESULTS

- ◆ Full removal of deep-set stains across upholstery
- ◆ Visible transformation of carpets and hard flooring
- ◆ Extraction of embedded dirt and debris from all surfaces
- ◆ Nearly 100 chairs fully cleaned, dried and treated
- ◆ Full venue restored and ready for use within hours

This wasn't just a clean, it was a full reset.

In hospitality, first impressions matter, and being able to deliver that transformation overnight, ready for guests the next morning, is where we really add value.

Krissi Foskett, Managing Director, BD365

OUTCOME

BD365 successfully delivered a full overnight transformation, restoring heavily used areas into clean, fresh and guest-ready spaces ahead of breakfast service.

The use of specialist techniques, including low-moisture carpet cleaning and full extraction methods, ensured effective cleaning while allowing rapid drying times.

Application of eco-friendly stain protection across upholstery will support easier maintenance and longer-lasting results.

The project has now led to an ongoing maintenance programme, ensuring standards are maintained consistently throughout the busy season.

Need a full venue reset without disrupting your business?

BD365 provides expert carpet, upholstery and hard surface cleaning for hospitality venues, delivered around your schedule.
